

QIP 2018 PC report

20.6% talk accept rate

We assume you mostly want to know this number.

More details on later slides.

submissions

Talks

296 talk submissions (including talk-or-poster)

61 accepted (21% acceptance rate)

for 57 talks (including 4 merges)

(This includes plenary, but not invited talks or tutorials.)

Posters

133 poster-only submissions

+ 168 posters from talk-or-poster submissions

- 1 rejected poster

256 after cancellations (but blank panels still existed).

submission timing

Based on timing of last update, not initial submission.

Procrastinators:

Within last minute of deadline:	1
Within last hour of deadline:	15
Within last day of deadline:	125
After deadline:	3

We should learn from these people:

More than one week early:	32
Had out-of-office autoreply enabled:	4

PC

36 members, including a past PC chair (Ronald de Wolf) who handled Cols by PC chair.

3.15 reviews per submission
 $\approx$ **26** reviews per PC member
(of which **10.4** were subreviews)

Total PC output:

285526 words of review + 91530 words of PC-only discussion
 $\approx$ **10000**/reviewer, or **1250**/submission

Comments on program?

Please send to Aram Harrow (aram@mit.edu)

He will collect and send to steering committee
and next year's PC chair
